

## Fashion 150: 150 Years, 150 Designers

Featuring over 500 photographs and original illustrations, this is the complete guide to the designers, brands, movements and style icons that have created the history of international fashion from the 1860s all the way to today. This encyclopedic volume, with over 150 entries, is both a reliable, up-to-date reference work and an inspirational look at the creativity and excitement of fashion. The many forces that influence fashion are included from luxurious haute couture and bespoke tailoring to innovative youth countercultures and phenomenally successful mass-market brands. Each entry includes multiple images and a comprehensive text covering the historical, cultural, aesthetic and technical aspects of its subject. Material details are discussed throughout the book, as are the creative and multidisciplinary aspects of fashion. Covering everyone from Azzedine Alaïa to Yohji Yamamoto and everything from Boho Chic to Space Age Style, this is an indispensable and delightful guide to the sophisticated world of fashion.
