

## Spanish Fly Guy (Petit Morts Book 5)

JP McMahon cruises into the small, oceanside town of Brightside hoping to score a bed for the night and a few dollars to fill the Miata's gas tank. He discovers that cell phones and Internet are non-existent, and that without access to matchmaker sites and Craigslist, the local newspapers' personal ads are booming. He cooks up an unlikely scam, a foul novelty concoction called Spanish Fly. He also finds an unlikely accomplice in Ryan, the quiet local kid at the copy shop with a flair for designing irresistible labels. Spanish Fly proves popular--almost too popular--and JP suspects his luck is about to turn. But that little voice inside tells him to stick around Brightside just a tiny bit longer....

How could you have overlooked it? It must be new. So why does it look like it's been there for ages? And the chocolatier behind the counter...certainly you'd remember him.
