

## The Surrendered Wife: Learn the Language of Love and Respect Principles that will Take You from Battling Over His Needs and Her Needs to Him Grabbing You for a Passionate Kiss Saving Your Marriage

Like Millions of women, Laura Doyle wanted her marriage to be better. But when she tried to get her husband to be more romantic, helpful, and ambitious, he withdrew - and she was lonely and exhausted from controlling everything. Desperate to be in love with her man again, she decided to stop telling him what to do and how to do it. When Doyle surrendered control, something magical happened. The union she had always dreamed of appeared. The man who had wooed her was back. The underlying principle of *The Surrendered Wife* is simple: The control women wield at work and with children must be left at the front door of any marriage to revitalise intimacy. Compassionate and practical, *The Surrendered Wife* is a step-by-step guide that teaches women how to give up unnecessary control and responsibility, express their needs while also respecting their husbands' choices, resist the temptation to criticise, belittle or dismiss their husbands, and trust their husbands in every aspect of marriage - from sexual to financial....And more. *The Surrendered Wife* is a practical and valuable tool for women wanting to regain intimacy in their relationships - John Gray, author of *Men Are from Mars, Women Are from Venus*
