

Fill Your Watercolors with Natures Light

Create Vibrant Watercolor Paintings that Glow with Light! Ever wonder why landscape painting seems to be so complicated? So overburdened with techniques and tricks that you can't see the forest for the trees? Well, it doesn't have to be! Artist Roland Roycraft shows you how just a few amazingly easy techniques - masking, color pouring, wiping out color and spattering - can create dramatic, atmospheric landscapes and soft, impressionistic flowers full of light. Roycraft will guide you through a simplified system of composition, color application and self-evaluation that will have you producing better, brighter nature scenes than ever before. Anyone can learn these fun and easy methods! He'll also help you troubleshoot possible problems before they happen, take advantage of the accidents that do and ensure that each time you put your brush to paper, you'll produce a piece of art welcome on anyone's wall.
