

Fulfilling Her Fantasy: A Masters of the Castle Novella

When Master Marshall announces the first Castle slave auction for charity at the end of the year, Wardrobe assistant Janice is intrigued. The thought of being sold to an unknown Dominant for three consecutive nights is both thrilling and terrifying. Janice has been spanked plenty of times before, but there's one thing she's always wanted to experience; she's just never, not in two years of working there, been brave enough to ask for it. The idea of auctioning off willing submissives to honor founding Master Dons' memory causes a ripple of excitement throughout the resort, and everyone on staff is affected. Winter is, after all, traditionally the quietest season of the year, and an event this unusual - and kinky - is bound to bring the guests flocking to the Castle. Janice is conscientious enough to know that she'll be so flat out in the Wardrobe, helping the auction participants find the perfect costumes for the occasion, there's no way she'll be able to take part herself. That thought is both a relief and a disappointment. Still, unless she manages to get her increasingly disturbing fantasies about one of the resident Masters under control, she's worried she might go insane. So when her best friend and colleague, Ellen, gives her an ultimatum, Janice must choose: Ask to play with the man who's been haunting her dreams at night, or put herself up for sale to the highest bidder. Can Janice find the courage to fulfill her ultimate fantasy? Includes 5 free preview chapters of the Masters of the Castle box set, *When the Gavel Falls*, coming January 24th from Blushing Books.
