

# The A Law Students Handbook

The Law Students Handbook offers a practical and informative guide to studying law. It introduces the ways in which law is taught, then covers in detail the practical study and academic skills required to study law. The authors complete the picture by looking ahead to legal careers. Hint and key point boxes, as well as checklists encourage students to actively engage with the material, while the Online Resource Centre provides a wealth of additional information such as information about law courses and sources of postgraduate finance. Online Resource Centre The Law Students Handbook is fully supported by an extensive Online Resource Centre containing material which law students at all stages of their study will find invaluable.
