

## The Truckers Girl: The Erotic Services of Little Miss Three Holes

A couple of nights later Minnie was given a strange offer. Two men who were sitting together whispered to her, How about an orgy? I think youve got a nerve to suggest such a thing, she quipped quickly. For two hundred bucks, one man smiled, you ought to enjoy it. Minnie thought about it a long moment. She looked at the two men. One was a blonde-haired man and the other was dark-complexioned with olive skin and blue eyes. It might not be a bad idea, she said, those figures suit me. Your figure suits us, one man told her. She was getting more and more excited now. When do you get off? the blonde-haired man asked her. In a couple of hours, she said. Im in room 201. Thats on the second floor, the left side of the building. All right, baby, he told her, in a couple of hours well be up there. If there was one pearl of wisdom she was told as new waitress at Gants truck stop diner it was dont let those filthy truckers take liberties for sure as oil is slick, those wandering hands would sure find there way to Minnies tight body. But when she discovers that allowing the, to take liberties comes with a certain amount of generous recompense all morals are quickly shed as she supplements her meager wages with something large on the side? And what if Gant expects a freebie once in a while for putting her up in his motel next door? What follows is a grand show of debauchery as trucker after trucker, desperate for some physical satisfaction after being on the long haul, gets Minnie to shift their gear sticks. From MMF orgies to rear-side ruttings, lesbian liaisons to BDSM voyeurism with Gants very own gimp. There is truly no depth to which Minnies depravity will sink. One for the road indeed!
