When Anna leaves home to travel the country and just have fun, the last thing she expected was to wind up living at a truck stop months later. To pay for room and board, she willingly trades her body to the regulars but over time, she finds that she has to trade more and more of her morals to keep everyone satisfied. This journal documents her slow decline into a life of depravity. WARNING: This 6200 word story contains hardcore scenes of sexuality and depravity between a young woman and a variety of truckers. It is only intended for open minded adults. Excerpt: I climbed the stairs to the top and let myself into the room. The small changing area was empty, so I figured the guy was in the shower or something, although I didnt hear the water running. Umm, hello? I called out. In here, I heard a man grunt out. His voice sounded a bit strained, as if he was lifting something. I walked into the shower area but as I did I had to pass by the little alcove that held the toilet. From the corner of my eye I saw movement, so I turned to look. Oh my god, I exclaimed, Im so sorry. I didnt know you were... There was a tall man sitting with his pants around his ankles and a look on his face that told me he was clearly in the middle of doing his business. I started to turn around but he called out to stop me. Wait, he said.

I paused, already turned away from him to make my way out the door. Come here, he said. What? Umm, excuse me? I asked, still not moving. Come over here, his voice was a little firmer now.
