The very eccentric and very rich Mr. Lockett is smitten with the much younger and very beautiful Goldilocks. His advances finally prove successful as Goldy accepts an offer to move into his estate. However, little does Mr. Lockett know that Goldilocks is certainly not all she's cracked up to be. She has a shocking plan to take his fortune out from under his nose even if it means killing him. But Goldilocks quickly learns that gold-digging might not be the best career move after she finds 3 much bigger problems to contend with.
