

Fia Backstrom: Lesser New York (Greater New York)

MoMA PS1 presents the fourth iteration of Greater New York. Recurring every five years, the exhibition has traditionally showcased the work of emerging artists living and working in the New York metropolitan area. Considering the greater aspect of its title in terms of both geography and time, Greater New York begins roughly with the moment when MoMA PS1 was founded in 1976 as an alternative venue that took advantage of disused real estate, reaching back to artists who engaged the margins of the city. In conjunction with the exhibition, MoMA PS1 is publishing a series of readers that will be released throughout the run of the exhibition. These short volumes revisit older histories of New York while also inviting speculation about its future, highlighting certain works in the exhibition and engaging a range of subjects including disco, performance anxiety, real estate and newly unearthed historical documents. The series features contributions from Fia Backstrom, Mark Beasley, Gregg Bordowitz, Susan Cianciolo, Douglas Crimp, Catherine Damman, David Grubbs, Angie Keefer, Aidan Koch, Glenn Ligon, Gordon Matta-Clark, Claudia Rankine, Collier Schorr, and Sukhdev Sandhu, concluding with a round-table conversation with exhibition curators Peter Eleey, Douglas Crimp, Thomas J. Lax and Mia Locks. The series is edited by Jocelyn Miller, Curatorial Associate, MoMA PS1.
