# Gadget Geeks Box Set: The Ultimate Guide That All Gadget Geeks Must Have! (hacking, Raspberry Pi Books, amazon fire phone)

BOOK #1: Fire Phone: A Well Established User Guide for Fire Phone. Learn the Basics of Setup and the Latests Tips and Tricks Look no further for your comprehensive beginners guide to using the new Amazon Fire Phone! Youll find information in this book pertaining to how to start up like registering the phone, deregistering it if you bought it used, and how to set up the basic settings. BOOK #2: Raspberry Pi: The Definitive Step by Step guide with 5 Chief Things You Need to Know to Get Started Programming a PC does not need to be a challenge. In fact, it can be the easiest thing you learn to do. Programming languages have advanced from the step by step process of creating long complicated applications line by boring line. BOOK #3: Chromecast Device: Ultimate Guide on How to Set Up and Use a Chromecast Device Chromecast is an exciting and innovative way to make any HDMI compatible television into an interactive smart device. This quick and handy guide will walk you through how to get your Chromecast up and running, the technical requirements, how to synchronize your devices with your Chromecast, streaming video and audio, and a number of different and incredible applications that are already Chromecast-ready BOOK #4: Hacking for Beginners: 48 Things Every Hacker Must Know About How to Hack Hacking. An art, curse, piece of knowledge, illegality, business or an insatiable thirst for power and money? How can a word represent all that and much more? How can a notion become so synonymous to politics and power that they both are afraid of it? All these questions and their responses are inductive enough to have a great number of young people caught up every year in trying to learn the intricacies of the trade and become hackers.   BOOK #5: Hacking: Learn the Basics of Ethical Hacking and Penetration Testing If youve ever read about computer hacking,

you might be surprised to learn that companies actually pay people to try to hack into their systems. Its called ethical hacking. BOOK #6: Minecraft: Awesome Minecraft Tips for Beginners. Incredible Game Instructions for MInecraft Fans Minecraft, Awesome Minecraft Tips is a must-have book for beginners and Minecraft lovers as a whole. The game has taken the world by storm, both children and adults alike are participating, creating their own worlds, and some parents of autistic children are using the game as a multi-sensory stimulation tool to reach their child.
