

The Fingerprint

Miss Silver joins a friend from Scotland Yard to investigate a suspicious suicide. Frank Abbotts vacations never last very long, and his trip to Field End is no exception. He has hardly enjoyed a moment of Jonathan Fields hospitality before tragedy strikes. A niece ventures into old Jonathans study at night to ask him a question, and finds him stone cold with a revolver by his hand. An obvious suicide, it seems, but Inspector Abbott is not so sure. He asks his friend Maud Silver, the brilliant detective, for assistance. She agrees it must be murder. But who is the killer? Assisting their investigation is the dead mans strange habit of fingerprinting all who come to visit. But there are fingerprints all over the house, and solving this murder will require Miss Silvers particularly delicate touch.
