

## Bikers Lust (BBW Motorcycle Romance)

Warning: this one is RED HOT and not for the fainthearted. Curvaceous PR representative ?Zoe Montgomery is everything a good business woman should be. Punctual, on time, and always dressed to the nines. Shes hardly the type of woman to find comfort in the arms of two gritty bikers, but a chance encounter on a cross country business trip leads to just that. Will straight-laced ?Zoe be able to handle a night of undiluted pleasure beyond her wildest desires or will the heavy handed dominance be too much for her to handle? Youll have to read to find out... Free Preview The man looked ?Zoe up and down intensely but it felt more like he was looking right through her. She nodded nervously, feeling her body tremble as the pent up desire inside of her began to have its way with her. She began to unbutton her sheer blouse without having to be told and before long: she was standing completely naked before him with her pink nipples rising to full attention from his ever-looming stare. He pulled ?Zoe against his towering body with full force, bringing her crashing down to her knees as she came closer to him. Deep down she knew exactly what he wanted from her but on the surface she felt quite conflicted. On the one hand, she wanted to put up a fight. She wanted to scream out at the top of her lungs. She wanted to deny what was happening to her. On the other, she wanted to remain silent. For reasons she didnt entirely understand, she felt obligated to please the man who had manage to dominate her without even uttering a single word. Ultimately lust won out. Zoe reached out to the man with unsteady hands, biting down on her bottom lip as she unzipped his tattered jeans and brought them to the ground with one swift pull. ?She gasped as his meaty cock sprung free from within the confines of his pants. It was just so big. She wrapped her small hands around his throbbing shaft without a

second thought, stroking up and down his length as she rubbed her wet tongue over her lips in full concentration. Hungry with desire, ?Zoe eased her mouth even further down the strangers wooden shaft and gagged as she took his entire length in her mouth. Finally she heard him speak. Oh fuck! the man groaned in a heavy Russian accent, reaching down to grab a fist full of ?Zoes curly red hair as she bobbed her soaking wet mouth up and down his throbbing member. He tensed his jaw. Thats it baby. Keep doing that. ?Zoe moaned around him as he gripped her head even harder, pulling her down the length of his meaty cock even further as she gagged. The sound muffled as thick drops of pre-cum made contact with the roof of her mouth. She continued to apply suction to the base, dreading and savoring every moment of the lucid encounter. Warning: this taboo biker story is extremely graphic and not intended for anyone under the age of eighteen. Reader discretion is strongly advised.
