

## The Gold-diggers Surprise

WARNING: Contains graphic and explicit sexual content and situations. This book is not intended, and should not be viewed by anyone below the age of 18. Evelyn is not your every day run of the mill super-hot college co-ed. Shes a cold hearted gold digger with her eyes on Marks family wealth. As a fellow student, Evelyn doesnt really care for Marks average looks or below average performance in bed. So she uses role-playing as a way to distract her from his inadequacies as she reels him in. What was supposed to be a fun costume party at his parents swanky home, instead turned into a rather surprising evening. After being tied up and blindfolded in her Goldilocks costume, Evelyn didnt expect nor did she realize that Mark had passed out drunk on the bathroom floor. When Marks friend decides to check up on them, hes in for a shock when he finds her unclothed and in an awkward position. What happens next may very well change Evelyns gold-digging ways forever. But will she realize that Mark is not the one in the furry costume before things go too far? Contains approximately 5,500 words of explicit/descriptive sex and should not be viewed by anyone under the age of 18.
