

## Highland Rake (Volume 3)

Dougald MacNeill is the next to youngest MacNeill brother and hes not about to settle down, until Lady Alana Cameron is placed squarely in his lap...and then, the trouble begins. When Dougald finds Alana roaming the heather on the MacNeill lands, he takes her in hand to see his laird brother James at Craigly Castle to determine her fate. But who has sent her there and why? Her uncle, laird of the Cameron clan, that has warred with the MacNeills for years, has made a marriage arrangement with another clan and now that is even at stake. Having witnessed her fathers death, and even believing he had returned her home when all along he had been dead, Alana discovers she has the gift, or curse, of seeing the newly departed and sometimes those who should have long ago passed over. Her own deceased brother continues to plague her, the rake, and now another, who is very much of the flesh, Dougald MacNeill, has her thinking marrying a rake might just have its benefits. Dougalds sister, who is one feisty ghost, has offered to help Alana keep Dougald in line if he thinks of even straying. But who sent Alana on a fools errand in the first place to remove her from the Camerons lands and set her squarely in Dougalds care, and who really killed her father and her brother, and what has it all to do with Alana? Will she and Dougald learn the truth before it is too late?
