

Emasculating My Husband

When I married Mike, I thought I had found my fairy-tale prince. He seemed to be strong and confident and the kind of man you wanted to lead the family you hoped to build. Sadly, I soon learned that he was none of those things. Still, I did my best to be the submissive little housewife I had been taught to be. Then one day, just as I could take no more, I came upon a hormone cream that would let me change everything. Before my plans were finished, Mike would be the submissive little housewife in the four-inch heels! This story is told in the first person by Mike's wife, and it includes female domination, forced feminization, hormones, tiny penis humiliation, cuckolding and a lot more.
