

Playing Around: The Perfect Swingers

Slowly, he pressed his lips hard against hers. His tongue dusted her lower lip, prying between her teeth, searching out the new cavity. She found herself playing with his tongue, fencing with it. Her breasts were firmly squeezed against his chest, nipples turgid, burning with a fresh and unexpected excitement. She sucked the air hard through her collapsing nostrils, trying to fight the building fires that raged through her body as his hands massaged her back. She thought about breaking the kiss, but something held her back. She found her hips grinding against his, rubbing at the hardening member running down the inside of his thigh. The two bodies crumpled down onto the green. Wendy didn't realize what was happening at first. She was busy battling his tongue, enjoying its frantic but disciplined movements within her mouth. She felt the dampness on her back and the heavy weight wedged between her thighs. Still, she resisted the urge to break the kiss. There was nothing wrong with rubbing against him. She still had control. She could say no, that's enough, any time she wanted. He had his knee between her legs, rubbing it hard against her crotch. Her hands worked up his back, occasionally pulling him against one breast and then the other. Suddenly, he broke the kiss and planted his mouth on her ear. His breath was ragged, his words forced: I want you, Wendy. God, I want you. Don't say no. Please don't say no. Harrison and Valerie are swingers, unabashedly, and unashamedly, 100% full same-room swappers. So when the pro-golf couple decide to separately seduce the Stillers, Douglas a work-hungry lawyer and his golfing learner Wendy, it is with the utmost intention of bringing them into their very intimate folds. But how will unknowing pair react when Val reveals all? They had lost themselves completely with the seducers on their own, in every conceivable

position and aperture, but can they cross that most taboo of boundaries? What follows is an uncompromisingly graphic account of one run-of-the-mill couples descent into debauchery, replete with MMF group-menages, lesbian dalliances, rear-side ruttings, mutual gamahuching and much, much more. Wendy and Douglas are about to get their swing on.
