

The Secret Bracelet

The Secret Bracelet - The Story of Diana of the Inn By Fred Jackson (First published in The San Francisco Call, December 31, 1911) Edited by Dave Hallier When Woodward Randell, the millionaire adventurer, finds half of a treasure map, he persuades his wealthy friend, Wilson Lane, to travel with him to rural Long Island in search of hidden treasure. They each find treasure beyond measure in the form of Diana Leicester and Carolyn Nelson. The buried treasure proves a little harder to find. Its discovery is made more complicated by deception within the small group, ancestral family rumors and even the ghost of the pirate who buried it! Word count: 22,631 Illustrations: 7 This rescued classic contains some 1911-era racial stereotyping.
