

Microsoft Office PowerPoint 2010: Basic

This course provides step by step instruction on how to use PowerPoint 2010 to create real-world presentations. You'll begin by learning to navigate the PowerPoint window. Next, you'll insert drawing objects, clip art, and other images. As you move through the course you'll build on your experience to create a professional presentation that uses templates, themes, and slide masters. The course concludes with how to add speaker notes and slide transitions.
