

Marriage: Single Man Series #2

Dear Reader, Marriage is a huge step. That cant be overstated. But after the smoke clears and the two of you settle into your lives together, then what? I wrote this little book, like the rest in my developing Single Man Series to try and distill and relay to you the most important parts of what I discovered by surviving my marriage. (Look for our book on Divorce:.) Everyones story is different, but this is bits of mine, with my own perspectives that you may find of value. I dont have any children, but I have these books. Hopefully, they will serve you well. As always, we here at OPENBOLD.ME would love to hear from you, so please write! My best, Andrew Moore
