Destiny Lane wakes up the morning after her intimate affair to discover she's been turned into a vampire, complete with fangs, a faded reflection in mirror, and a hatred for sunlight. Now her lover, Alex Serrano, is nowhere to be found. Soon the gnawing hunger that burns in her belly will have to be sated. When she figures out that she can quiet it with blood or cum, a new predator is on the loose! With Alex missing and a secret organization out to get both of them, can Destiny find her man before it's too late?
