

Kull: The Hate Witch #2 (Kull Vol. 1)

If King Kull cannot defend the people of the Purple Kingdom from the awesome arcane powers of the evil witch Heka-La, then they'll take his crown, and maybe his head in the process! With none of his allies to accompany him in his hunt for the witch, Kull must brave the one nation that hates him more than his own Atlantis, whose memory is long and unforgiving. Kull must come face to face with his past and battle foes he once called friends if he is to find and destroy Heka-La and restore order to his kingdom! **David Lapham** (Stray Bullets) joins rising-star penciler **Gabriel Guzman** (Predators) in bringing you this **brutal** and **barbaric** chapter in the life of **Kull the Conqueror**!
