

## Basic Legal Research For Criminal Justice And The Social Sciences

This essential primer on legal research is written specifically for criminal justice and social sciences students. The book's basic, how-to approach makes it suitable not only as a guiding text for research courses, but also as a key supplementary text for courses in which legal research is a secondary requirement. Stripped of the cumbersome information found in similar texts for legal students, this slim essentials book gives criminal justice and social sciences students the tools they need for successful research.
