

Minecraft Diary: The Truth About Steve and Herobrine Revealed (Steve the Adventurer, Book 4) (An Unofficial Minecraft Book)

Steve escapes into the Nether in order to run from Herobrine's mob assault. He battles through foreign mobs, sweltering heat, and oceans of lava until he finds a single portal. Knowing he's going to burn unless he gets out, Steve jumps through and returns to the Overworld. He finds himself at the edge of a cliff, and beyond it is a mysterious ancient kingdom with more vines growing on it than a jungle. Knowing he came from an ancient kingdom known as Micra, Steve makes his way down in order to investigate it. Is this kingdom Micra? If so, can Steve recover his lost memories and figure out who Herobrine is? Can he stop his doppelganger? This fourth book in the Minecraft series Diary of Steve the Adventurer is the penultimate book in Steve's journey. Answers will be had as Steve explores the kingdom. This will all lead to the exciting conclusion, and we hope to see you there!
