

Life After Zombies #5

The Series: In a world where the dead don't stay dead, the unthinkable happened—life went on. No apocalypse. No collapse of society. But in the late 1960s, one family has discovered that the greatest threats may not be those of the ghouls lurking outside, but the truths that are revealed from within. This Issue: Judy, Chris and Judy's unstable brother, Stanley, an escaped prisoner, head to the mental institution to find Paul, but instead make a gruesome discovery. Meanwhile, Jack learns about a NASA program that his father was secretly involved with that may have contributed to the outbreak of flesh-eating ghouls. And back at the Spencer home, young Ben has attracted the attention of the mysterious next door neighbor who has his own agenda with the ghouls. Jaw-dropping events abound as the Spencers find themselves in peril in a world that was supposed to have dodged the zombie apocalypse!
