

## Dream Horses Calendar 2006

For every girl who dreams of horses, here is a gift of beauty and romance. A year of flowing manes and soft muzzles. Bob Langrish, one of the worlds foremost equestrian photographers, has been photographing horses for more than thirty years, studying their every movementtheir grace, their power, their expressiveness. In Dream Horses, now in its second year, he brings his images into the realm of myth, blending fantasy with reality. Black stallions cavort in the shadow of a medieval castle. A herd of Arabians charges through a snowy winterscape. Horses gallop in the surf, moving as if on air. It is a mesmerizing world, where only the horse exists, forever unbridled.
