

Mail Order Bride: Divorced Wife Mistakenly Meets Her Rugged Cowboy Ex-Husband: A Clean Western Historical Romance

After being divorced for several years, a strong and independent woman from South Carolina decides to seek love once again. She responds to a mail order bride advertisement from a cowboy living in California. They communicate and agree to take their relationship to the next level by meeting one another, face to face. Upon doing so, they are both bewildered and shocked when they learn with whom they have each REALLY been communicating with this entire time.
