Its 1880 and love is starting to sprout in the dusty town of Rapid City. This series is about four young brides from the East Coast looking for love in the beautiful Black Hills of South Dakota. The stories are about their challenges, their test of faith, and their triumphs of discovering true love and real men. Meet Victoria Martin, an adventurous soul. Being the youngest of the four daughters, she had always felt that she had very big boots to fill. Her eldest sister Cate is about to have a baby and had asked their Mother to send things so she found herself traveling in a whole new world alone with a huge trunk. After all, she had been a month worried about Edwards sudden change, she wanted to find out herself! What trouble has Edward gotten himself into that's why he disappeared? Will she still find love and forgiveness in her heart after what she learned about him? How can he escape from Hank and Oliver without risking his family's lives? Get yourself ready to hop in the wagon as we ride along Victoria's long journey to the hot and dusty town of Rapid City. Hang out with the folks including Edward Williams, her handsome future husband who's neat and refined, with mannerisms so precise, as though his every action is calculated. Gretchen, her beloved sister who's been there all along, making her feel better after what she discovered. And the notorious Highway Gang who had been terrorizing towns in the west, stealing and killing with no thought or remorse..... a story of hope, fear, romance, suspense and true love..... While this book is part of a romance series, it can definitely be read as a standalone book. Katie Wyatt: #1 Best Seller in New Release Romance #1 Best Seller in 90 Minute Short Reads #1 Best
