

Marvel Zombies (2015) #1

Elsa Bloodstone is stationed on the Shield, burdened with the Sisyphean task of keeping the zombie hordes from rampaging through Battleworld. In those moments where she's not enraptured in the throes of battle, she meditates on her deceased father- how everything he taught her gave her the means to fight the zombies, but all the love he didn't give her is what motivated the self-destructive actions that landed her on the Wall in the first place. But when she sees a human child caught in the middle of the Zombieverse, she'll muster every ounce of determination she has to throw herself into the zombie horde to rescue the girl. And once Elsa finds her, she's going to have to fight her way back out...!
