

## Medical Malpractice Risk Management 2nd edition

A physician executive and two trial lawyers have collaborated on this thorough, easy-to-read trip through the entire medical malpractice minefield, from notification of a lawsuit through its final settlement. The goal of the authors is to ensure that the physician defendant is aware of all the potential traps in the litigation process. The book arms the physician defendant for all stages of the process and provides an understanding of exactly what each of those stages is meant to accomplish.
