

Mindgames

Dr. Zareb Alter, a licensed telepathic therapist on Earth, has a problem. He is in reality Xenos DeFonce, of the notorious DeFonce crime organization of Hardcore Station and his family members are trying to pull him back into their dirty business. He is tasked with using his telepathic/telekinetic powers to find out who murdered Grimhold DeFonce, the family's sinister patriarch. Once back on Hardcore Station, Xenos is forced to investigate his own family, a genetically altered collection of enhanced-powered psychopaths and other kinds of deviants. But the further Xenos investigation progresses the more unanswered questions pop up. Something more is going on here and Xenos has to figure out what, if he hopes to survive this visit home.
