

Swap or Die (Gender Transformation, Science Fiction Thriller)

Styles hands dug into my long soft hair as my head started to move up and down the length of his manhood. He pulled me in tight, forcing his quickly lengthening shaft further down my throat. --- Roxy is just trying to go through the motions of her mundane life, but something seems off. Things happening around Roxy just aren't adding up. As the days go by, strange images start to manifest in Roxy's brain-- Images that don't seem to belong to her... Not only do they not belong to her, they don't belong to a woman at all. Soon enough, Roxy begins making sense of the memories, and begins to discover that she's been living with a secret-- A secret with a deadly ultimatum. Swap or Die is a 5,500-word erotic thriller, bound to get your panties wet and your blood flowing. All the characters in this work of fiction are over the age of eighteen.
