

Be Mine (The Edge Book 2)

Why shouldn't an eligible man like Jason Sherwood plan a Valentine's Day merger with a woman whose elegant body melted at his touch last year on February fourteenth? A mysterious woman who disappeared like a wraith. A vibrant creature who came apart in his arms like only the right woman does for the right man. But Mara Richardson left Jason for a good reason and after a year of looking for her, he still doesn't know why. But he has to learn. Has to get her naked, wild for him again. Give her those little sugary candies that say, Be Mine, and show her that, despite only hours with her last year, he needs her to be his. Forever.
