

Pearls That Were His Eyes: Mirabilis season 2.1 (Mirabilis - Year of Wonders)

A mysterious green comet grows bigger in the sky. In the comets glow, miracles multiply like orchids under a tropical sun. Myth, magic and marvels are in the very air. Everything you can possibly imagine is now part of everyday life. In the strange undersea kingdom of the tritons, Jack and Estelle have no memory of their lives before they were lost at sea. Unaware of what happened to them, their loved ones struggle to cope with their loss. Can Jack and Estelle find their way back to the surface world? Meanwhile, sinister forces are at work. As the light of the green comet spreads, so too do the shadows of evil. * *
