

Miss Shellaghs Miniskirt

50-year-old Alan Fletcher has been thinking about his sexy, flirtatious tenth-grade teacher for 35 years. When Patty, the teenager who lives across the hall, encourages him to find Miss Shellagh, Alan develops an awkward friendship with the girl, and finds himself alternately attracted to his 60-year-old former teacher and his 15-year-old neighbor. Meanwhile, Alan has ongoing, secret encounters with the mysterious girl across the courtyard, and the voyeuristic woman who peeps into her window with him. Simultaneously sad and funny, *Miss Shellaghs Miniskirt* explores the problematic boundaries of human sexuality, which afflicts us too early to be legal and sticks with us too long to be practical.
