

Music Contracts 101 - Updated Edition - Preprinted Binder / CD-ROM set containing over 100 contracts and agreements for recording artist, musicians, ... industry. Entertainment law at its best!

Are You Ready To Advance Your Music Career? Then Put It In Writing! Forget hiring an entertainment lawyer, use this set of industry standard, professional contracts and save big time. Sure our set may cost a little more then the others, BUT you get what you pay for **QUALITY!** This set of contracts comes in two easy to use and understand formats, in a preprinted binder and on CD-ROM (pc/mac compatible) - You receive both the binder and CD in this set, with both containing all 101 contracts. We supply you with the contracts in both a pre-printed binder, and on CD. The binder set comes preprinted, which allows you to take each contract out and use it as is, or make copies of it if you need to. The CD contracts program, which can be installed on all computers, including PCs and Macs allows you to open up the contracts on your computer in any text editor such as Microsoft Word, Note Pad, Word pad, or any other text editor, which comes installed on all computers. The great thing about installing the CD contracts program onto your computer is that it also allows you to edit any of the contracts, meaning that you can delete specifics that may not apply to your particular situation. With the contracts software program, you can even add things to each contract if needed and then print whichever contract(s) you need directly from your computer, whether it be one or fifty copies. The things that you can do with this program is unlimited, plus remember at this economical price you will receive all 101 of the contracts in both a preprinted binder and on CD-ROM that you can use to edit and print as many contracts as you need.. For a list of all one hundred and one contracts that are included see below Think about it, even if you use just one of the contracts that are included in this set, you would still be saving money versus if you hired an entertainment lawyer to draw up that same contract at \$200.00 per hour, at say 2-3 hours worth of his

time! Plus every single contract included in this set has been drawn up by a very knowledgeable, entertainment attorney and is guaranteed to hold up in court in all 50 states if ever needed. With our set you pay a small price for over 100 different contracts, an entertainment lawyer would charge you hundreds just to draw up a few contracts. If you're like most musicians, you have a background in creating music, but not in the business side of it. If that's the case, ordering this set of 101 Music Business Contracts is your first step to a secure entertainment career.
