

Spooky: Zombie Tales (Volume 1)

13 tales of zombie terror! This is a derivative work based on the old pre-code horror comics of the 1940s-1950s, laid out for you in an illustrated, short story format. Zombies during this time period, usually resulted from some type of voodoo curse. They were not the zombies you find now. They were however, quite frightening in their own way. Here you will meet Big Mike, a mob boss who brings his trigger man back from the dead! You will meet a newlywed couple and a practical joke that went too far! Here we have an ace aviator who crashes into the jungles of Haiti! You will also meet a selfish corporate CEO, whose greed knows no bounds, and so much more!
