

## Horn Lords: Mayas Sacrifice: Monster Pregnancy Huge Size Erotica

For more than a generation, the farming village of Harrow has known peace and tranquility. The people of Harrow raised their daughters well, teaching them purity and virtue and hoping they would find a husband as soon as they reach adulthood. Newly blossomed to womanhood, Maya is betrothed to the blacksmiths apprentice, a strapping man with a gentle soul. Her younger sister teases her relentlessly, but Maya cant wait to be wed. But all her dreams are shattered when the Horn Lords arrive. For the elders of Harrow have kept a terrible secret from their children. The Horn Lords are no mere tale; once a generation, a horde of powerful minotaurs sweeps out of the Golden Grasslands like a storm to take the unwed maidens of Harrow back to the monsters homeland. For the Horn Lords are all born male, and they must plant their seed in untouched wombs to replenish their numbers. When Mayas younger sister is imperiled, Maya must make a terrible choice. Will she leave all shes ever known and hoped for, or will she abandon the sister she loves to a gruesome fate? This 9,200-word erotic short story contains the rough deflowering of an innocent young woman by a huge, well-endowed minotaur.
