

## How to Select a 3D Printer Under INR 100,000: Article

The biggest advantage of 3D printers today is rapid prototyping. At times, 3D printers could be the right equipment for low-batch production than going for traditional manufacturing. 3D printers started being used as geek tools and are now shaping up as user-friendly tools; even my eight-year-old daughter uses one for her school projects, says Vishal J.C., CEO, Grey Sim Ltd.
