

Shifter Rebellion: The Complete Collection

When the Xakarrian Army invaded and overthrew Planet X, they sought to control the shapeshifters, a feared race. Being able to become anything, and anyone, their power was seen as too great. Awaiting the prophecy of salvation, the shifters accepted their fate and lived under hard and fast rule.

Exiled Shapeshifter Warriors finally show their hand, and with the help of their chosen mates, work to undermine Xakarrian rule and take their planet back once more.
