----- Do you have any idea what youre doing, he asked darkly, his eyes travelling over her body with the aching slowness of a falling feather. His voice was a deep and a little raw, and it tweaked something deep inside her that made her breath uneven and goosebumps spread over her skin like little pleasure bubbles. She leaned forward until they were face to face. His hand tightened hard on his beer. The warmth of his breath fell over her lips, tightening her nipples into hard little points. She was close to panting and he hadnt even touched her. She wet her lips with the point of her tongue, and his eyes followed the movement and darkened with barely-restrained need. Leaning in slowly, giving him enough time to pull away, Mina grabbed his bottom lip with her teeth and pulled on it. She let go quickly and licked the bitten spot. She felt

his labored breath and it took everything in her not to straddle him in that moment. If you dont stop now, little lady, Im going to take you into that back room and fuck you like some common whore. And you dont look like a whore. Is that really what you want, he asked, leaning into her so that she could feel his heat. She nodded, though she didnt recall telling her body to do it. But it was fine, more than fine, because a second later, she was tossed over his strong shoulders and he was taking her to do just what he promised.
