

## A Date With The Naughty Housewife (Older Woman Younger Man, First Time)

Sophie wanted a husband who would take care of her and that's exactly what she got. He's rich, he's powerful and she will never go without anything for the rest of her life, well, except for happiness. Sophie had always thought that she would marry someone and settle down with the perfect life and family, but things just haven't worked out that way. Her husband is too busy running around after girls in their twenties to pay any attention to her and she doesn't know what to do, that is at least, until a friend gets in touch with an idea. Sophie decides to take a chance on happiness and she signs up to a dating website, which offers access to hundreds of live cam streams. When she stumbles across a cute brown haired guy in his twenties she decides that he's the one and sets up a chat. Talking isn't enough though, as their connection grows and Sophie is left with a choice to make. Will she stay faithful to her husband who won't touch her anymore, or will she take a gamble on the cam boy who seems more than happy to get her to where she needs to be?
