

Omega Rising: Alpha Pack Book II (Dormant Desires 2)

Edition 4...Revised/edited/better! :) ***
Aside from the mythology and lore aspect that these creatures did in fact exist, and aside from the fact that she was apparently one of these creatures, and actually mated to another. Yeah, aside from all that hooy, she was just a bit excited. For the first time in her life she felt as if she belonged. There was a family downstairs that wanted her, an impressive man that desired her, and to top it all off, she was somehow integral to their pack balance. So yeah, she was into this. She no longer would be forced to merely survive. Maybe, now she could thrive and become all she was meant to be. Bring it! She nodded at her reflection one more time, checking that her hair was up and tight against her scalp. As tight as that much curly hair could get, and she left the bathroom on a mission. Lets get bit! ***
We first met Jacob and Allison in ALPHA AWAKENED and traveled through a harrowing year of revelations. Their fierce passions that brought them together in a torrid moment in time, and then the separation that almost killed them both. In Omega Rising, they are reunited in Alaska and must now face uncharted territory as their dormant lycanthropic blood is awakened. They have been welcomed into a burgeoning family with similar genetics and as the next full moon approaches they all prepare for dramatic, and life altering events to unfold. Allison and Jacob complete the mating rituals necessary to cement their eternal, lifetime bond and together they find a new level of awareness and connection. This book is about the passionate affairs of unsuspecting individuals thrust upon each other and unable to fight the magnetic draw they both feel. Time, distance and even mythological forces cannot keep them apart in this journey of mated love. This Novella will be approximately a six to seven hour read and contains adult situations and erotic

themes throughout. *****DISCLAIMER: My stories are fun, sexy, erotic, naughty, comedic, highly inappropriate pieces of fiction. They are not masterpieces of literature. Often, vapid, vain, unbelievable, two-dimensional and fictional characters are portrayed. As hard as I try, and there will always be errors. Im an Indie author and I try to put out the best product possible, but if you expect perfection in grammar and punctuation, this title is not for you. My stories are the most unique you will ever read, but there will always be easily found imperfection in everything I do. If you find offense in politically incorrect dialog, terribly naughty language, and obscene situations, then again, this is not a read for you. No grammar Nazis, no prudes; no humans below the age of 18. This is a work of fiction and the author is unapologetic about its sometimes tasteless content or the few errors you will certainly find. None of the characters portrayed are remotely close to anyone in real life; living or dead. Werewolves, Demons, the world of the Fae, or immortal nymphomaniac aliens, DO NOT exist. Please have fun and enjoy.
