

The Clean Sweep: Anti-virus Handbook (Fix Computers Free)

Viruses, adware, spyware, and the programs that you think you need to keep running smoothly are overrated. Take my 10+ years of experience building and fixing PCs and put your fear of viruses to bed for good. Ill show you exactly how to get rid of viruses, remove annoying adware, and fix almost any software issue yourself - all without paying your local squad of geeks \$300 for something that takes less than an hour. All Windows users should read through this!
