

PHOTOGRAPHY: Beauty Photography - 8 Practical Beauty Photography Tips For Your Models to Shine (Photography, Photoshop, Digital Photography, Photography Books, Photography Magazines)

Kindle Unlimited Readers Read For FREE! 15+ FREE BONUS Photography Books Included!!! Learn All The Secrets of Beauty Photography Today! In this beauty photography book, you will learn valuable tips and tricks on how to make your shoot flow more smoothly, and what techniques you should use for this genre in particular. First, you must gain an understanding of what beauty photography is, and its differences from the world of fashion. Then, the technical aspect is covered, as well as insights on how to make your shoot successful by building a good relationship with your client. Here is a quick preview of what you'll learn inside... Beauty vs Fashion - gives a quick overview of the essential differences between the two genres. Types of Beauty Photography - covers traditional glamour, boudoir, noir, and conceptual. It Doesn't Need to Be Just a Headshot - don't be afraid to step back and get some full body shots in there. Light Modifiers and Lenses - What you need if you have the resources. Tips for Shooting - How to interact with your client to make the shoot more successful. Double Check, Triple Check - Always be conscious of what's going on around you. Communicate Your Needs - You know what's going on in your head, but others don't. Post Processing - How to not overdo it. And so much more! Scroll to the top and select the BUY button for instant download. Time to get CREATIVE!-----Tags:
