

## Brown Sugar (Key Party Book 2)

Genre: 70s-era Historical  
MulticulturalSeries: Key Party; Prev Book: Band of Gold  
In the era of Disco and bell bottoms, one neighborhood is keeping free love alive, one key at a time. As a proponent for free love and women's rights, Shayna is more than happy to attend her friends' key party even though she has no desire to sample the wares herself. Her plan is to just be there for immoral support. Nothing more, nothing less, or at least that was her intention before she spotted the man she spent one unforgettable night with, her best friend's brother, Embry. They only had one night together, but to Embry it was the first of many to come. Despite the wall Shayna had erected between them, Embry has no intention of backing down. It had taken him a long time to get Shayna to see him as a man and not just Edith's brother and he refused to allow her to put him back in the friend column now. Despite the differences in their social status and ethnicity, he knows that they are perfect for each other. Now all he has to do is get the stubborn beauty to admit it. Publishers note: This book contains explicit sexual situations and graphic language.
