

Microsoft PowerPoint 2007 Basics

This book is designed for the beginning user of PowerPoint 2007 and anyone having trouble making the transition from an earlier version of PowerPoint to the 2007 version. Screen clips and guided practice exercises help walk anyone through the nuances of PowerPoint 2007 to create dramatic, dynamic presentations. Key topics include: slide layout options, PowerPoint Themes (which replace the standard Design Templates), slide transitions and animation, inserting pictures, photos and SmartArt, graphic design basics and much more!
