

Punished by the Forest Guardian (Paranormal Monster Erotica)

All she needed was a little wood. As punishment for being too much of a free spirit, Rose is left to spend her afternoon chopping firewood. But when she runs out of logs and decides to take one from the forest, she's confronted by a virile Forest Guardian--a half-man, half-tree monster--who demands she make amends by giving her fertile body to him. As she succumbs to his will, Rose will learn the laws of nature are rough, relentless, and oh-so-satisfying. This 4500 word erotic short is for mature readers only.
