

The Naughty Escort (Book 1)

Anna Kingston is a divorcee of six years who works hard to provide for her two teenaged children. It just so happens that her job for the past five years has been as one of London's high-class, professional escorts. She has just celebrated her anniversary of being in business for herself and the independence that her job has provided to her. She decides to treat herself by accepting a job offer from a young billionaire, Billy Wilkerson. He has a couples retreat that he needs to attend in France in order to finalize a deal. Billy just has one rule. He is not interested in sleeping with her. He just needs her company. Both Anna and Billy have found more than they bargained for both in each other and with the retreat. Surrounded by sexual energy and desire and lusting for each other, can they keep to their agreement or will they give in to temptation?
