

Podcasting: How to get your pod cast on iTunes easily, quickly and tech-free for free: Your shortcut to get your Podcast downloaded on iTunes without technological skills or coding

A quick easy and free way to get your podcast on the internet without coding. Get your pod cast on iTunes and start cashing in today I show you my personal success strategies without coding or technical skills Do you like the idea of pod casting but dont know how to start? Are you intimidated by the geeky stuff of how to produce your pod cast? Do you struggle with social media? Are you unsure of how to broadcast your message to your audience? If you have answered yes to one, some or all of these questions, this guide has been written for you. Im going to show how you can do it. Read on to try my simple strategy. Hello potential pod caster! You may be thinking how you good get some of what internet guru Alex Mandossian calls Google juice and Apple juice. By these terms, Alex means how can you leverage these two giants of the internet for your personal gain and profit. Well, there is a quick and easy way you can do this, and that way is by having your own pod cast. You may be wondering what is a pod cast? A pod cast is a broadcasted audio programme, downloadable from iTunes.com that is intended to be listened to on an iPod, the portable audio listening device made by computing giant Apple. A lot of people are intimidated by pod casting. You may be thinking that it is difficult or only for the clever or the computer geeks. You will be pleased to hear that pod casting doesnt require a degree in IT or Computer Science or the IQ of Einstein. Podcasting does require, however, your passion, expertise and charisma.
